

# Helping Moms and Babies

## Moderate Logic Puzzle

Using the clues provided, mark the information on the graph. Indicate a correct answer with a plus sign or check mark in the appropriate row or column. The remainder of that row or column can be marked with a minus sign to indicate that those answers are incorrect. Focus on solving each category clue by clue. When all other options are filled in, the remaining blank is the correct answer. Good luck!

You're helping out at a pregnancy care center sorting baby items for some new moms and their babies. Who gets the sweater and slippers?

1. Tania had her baby boy in March.
2. Carson likes to move around a lot. The baby carrier will come in really handy for his mom!
3. Lisa's baby girl was born in the cold month of December.
4. Adrianna's mom would most benefit from a diaper bag.
5. Ashley had her baby boy in the fall.
6. Carmen picked her daughter's name because it ended in "a."
7. Jackson's mom travels a lot, so she could really use the car seat for him.

	Lisa	Ashley	Carmen	Tania	Sweater and Slippers	Car Seat	Diaper Bag	Baby Carrier
Jackson								
Adrianna								
Michelle								
Carson								
June								
October								
December								
March								

**Answers:**

Jackson, Mom Tania, October, Car Seat

Adrianna, Mom Carmen, June, Diaper Bag

Michelle, Mom Lisa, December, Sweater and Slippers

Carson, Mom Ashley, March, Baby Carrier
