

23 February 2016

Dear Judie,

I have received your letter of January 29th last, together with the enclosed samples of the Culture of Life Program. I have given careful study to the enclosures and am happy to provide for you the brief endorsement you requested in your letter:

In order to establish a culture of life, it is essential that children be educated, from their earliest years, to know the truths about the gift of life, of marriage and of the family, so that they can become adults who will embrace the culture of life in all their thinking and in all aspects of their daily living. The Culture of Life Studies Program of the American Life League provides an excellent program to teach children, from their very earliest years through their teens, in an age-appropriate, consistent and systematic way, to understand and embrace the culture of life. I am happy to recommend the Culture of Life Studies Program for use in the home, in schools and in other programs.

Thank you, most of all, for the prayers which you are offering daily for my intentions. Please continue to keep me in your prayers. I count upon them.

Invoking God's blessing upon you, while confiding your intentions to the intercession of Our Lady of Guadalupe, Saint Michael the Archangel, Saint Joseph and Saints Peter and Paul, I remain

Yours devotedly in the Sacred Heart of Jesus
and in the Immaculate Heart of Mary,

Raymond Leo Cardinal Burke
Patron of the Sovereign Military Order of Malta
